**PedalMAX**
Add some FUN to your ride!

PedalMAX is plug & play and very easy to install. Quickly and reliably increase your vehicles throttle response.

A remote adjustment knob is included so you can fine tune your throttle response and the feel of your pedal.

Designed to stack with BoostMAX.

---

**BoostMAX**

- **EASY TO INSTALL**
- **PLUG & PLAY POWER**
- **EMISSIONS LEGAL**
- **WATERPROOF DESIGN**

BoostMAX - works on 2020 and older Ford Ecoboost Engines.

Enhance your engine’s performance with a quick and easy install.

Emissions Legal Performance!

- 3.5L Ecoboost - up to 89rwhp
- 3.0L Ecoboost - up to 63rwhp
- 2.7L Ecoboost - up to 55rwhp
- 2.3L Ecoboost - up to 31rwhp
- 2.0L Ecoboost - up to 26fwhp
- 1.6L Ecoboost - up to 21fwhp
- 1.5L Ecoboost - up to 22fwhp
- 1.0L Ecoboost - up to 14fwhp

BoostMAX was designed specifically to enhance the Ford Ecoboost Engine. Our plug and play design quickly and reliably adds additional horsepower and fun to your Ecoboost. A remote boost adjustment knob is included so you can fine tune your horsepower enhancement. Designed to stack with PedalMAX.

PedalMAX

All PedalMAX products are plug and play, water-proof and utilize OE grade wiring connectors. Our products do not affect your OE vehicle warranty. PedalMAX includes US based support with our lifetime product warranty.

Adjust your throttle response “on-the-fly” with our weather-proof adjustable remote mounted control knob. It’s easy to increase or decrease your throttle response “on-the-fly” with a twist of the knob.

PedalMAX is the perfect performance enhancement device for your JEEP including the 2020 Wrangler, Cherokee and Gladiator.

Dave C - Daytona Beach, FL
“Massive improvement in throttle response. Transformed the performance of my JEEP. Acceleration wise, it now has an amazing amount of get up and go. - Thank you PedalMAX!”

PedalMAX is the perfect enhancement for vehicles that pull trailers and campers. Eliminate pedal lag and significantly improve “off idle” torque response.

Whether you are blazing new trails, cruising back roads or navigating city traffic, with PedalMAX installed: your truck will have a much improved feel.
PedalMAX Terrain was specifically designed to enhance throttle control in off-road and rough terrain driving conditions. Originally engineered to cure poor throttle response and throttle lag, PedalMAX Terrain also has the ability to de-tune the throttle for conditions such as: rock crawling, mudding, hill climbs, down hills and sand.

Plug & Play PedalMAX Terrain allows you to adjust the throttle response UP or DOWN, on-the-fly with a simple twist of the remote mounted control knob.

- **Waterproof** - IP67+
- **Lifetime Warranty**
- **Polaris UTV**
  - Part # - RC1418PO1
- **Can-AM UTV**
  - Part # - RC1418CA1
- **Artic-Cat/Textron UTV**
  - Part # - RC1719ACV1

PedalMAX Extreme has been designed specifically for the Polaris Slingshot. Originally engineered to cure poor throttle response and throttle lag, PedalMAX Extreme is a fantastic addition to your vehicle.

Plug & Play PedalMAX Extreme allows you to adjust your throttle response, on-the-fly with a simple twist of the remote mounted control knob.

- **Waterproof** - IP67+
- **Lifetime Warranty**
- **Easy to Install**
- **Plug & Play**
- **Polaris Slingshot 2015-2016**
  - Part # - PX1418PO2
- **Polaris Slingshot 2017-2019**
  - Part # - PX1418PO1
SparkMAX

UNIVERSAL IGNITION BOOSTER

Works on all 2020 and older GM, Dodge, Ford and Import vehicles.
Eliminate spark blow out and increase performance.

SparkMAX eliminates spark blow out! Increase the output of your coil-on-plug ignition system or any ignition system. Eliminate spark blow out and high-rpm mis-fires. Increase power and fuel economy by running a wider gap on your spark plugs.

• PM-2100
  Universal SparkMAX (35V)

• PM-2100-PPM-11
  SparkMAX Plug & Play (35V)

FuelMAX

The ultimate fuel pump booster.

• Support over 1000hp with the factory fuel system.
• Available for single and dual pumps.
• User adjustable - 22 volt system
• Activates via the pedal or included adjustable Hobbs switch (boost).
• Plug and Play systems available for GM, Ford F150, Mustang GT, GT500 & GT350.

PLUG & PLAY - FUEL PUMP PERFORMANCE

FuelMAX - works on most 2020 and older vehicles.
Chevrolet - GMC - Cadillac - GM
Dodge - RAM - Jeep - Chrysler - Fiat
Ford - Lincoln - Jaguar - Land Rover - Range Rover
Toyota - Nissan - Mazda - Subaru
Mercedes - BMW - VAG
Avenger Wheels

Specifically engineered for hard-core racers. Avenger Wheels combine the highest quality product at the best price. Our light-weight aluminum wheels are manufactured to exacting standards. They are designed to direct fit Mustang, Camaro and Challenger applications. Choose from four different finish types, lug-nuts and center caps are included with all wheels.

All JMS wheels are covered under a limited lifetime warranty for materials and workmanship. Polished wheels must be properly maintained to retain appearance.

Camaro • 1994 - 2002
Mustang • 1994 - 2020
Challenger - Charger - 300 • 2006 - 2020

LaunchMAX

6R80 TRANS-BRAKE

• LM-1115PM
Plug & Play LaunchMAX

• LM-1115-SPM
Splice-In LaunchMAX

LaunchMAX is the world's first digital 6R80 Trans-Break. Choose from plug & play or splice-in. No moving parts to fail, fast release. Works with all 6R80 Transmissions and it is easy to install. Designed to work with two-steps and nitrous oxide or forced induction applications.
FleetMAX™ is an easy to install, plug & play, speed limiting solution. Your fleet manager can adjust and set the vehicle’s top speed, along with the rate of acceleration and other options. Increase safety and fuel economy, while limiting top speed and reducing aggressive driving.

FleetMAX™ electronics are housed in a proprietary sealed enclosure. OEM connectors are utilized for a quick installation. FleetMAX does NOT alter or modify your vehicles emissions equipment. OBD-II programming is NOT REQUIRED and FleetMAX can be used in conjunction with your existing aftermarket OBD-II programming and telematics monitors.

FleetMAX™ is an easy to install, plug & play, speed limiting solution. Your fleet manager can adjust and set the vehicle’s top speed, along with the rate of acceleration and other options. Increase safety and fuel economy, while limiting top speed and reducing aggressive driving.

**FleetMAX™**

- **EASY TO INSTALL**
- **PLUG & PLAY**
- Limit vehicle TOP SPEED
- Programmable acceleration rate
- Increase vehicle safety and lower your insurance costs
- Does NOT void your OE warranty
- Does NOT alter the vehicles emissions equipment
- Easy to install - Plug & Play
- Waterproof design IP67+
- Lifetime Warranty

FleetMAX™ works on ALL 2020 and older vehicles.

- Chevrolet - GMC - Cadillac - GM - Kia - Hyundai
- Dodge - RAM - Jeep - Chrysler - Fiat - Honda
- Ford - Lincoln - Jaguar - Land Rover - Range Rover
- Toyota - Nissan - Mazda - Subaru - Navistar
- Mercedes - BMW - VAG - International

**FleetMAX** REMOTE HANDHELD

Your fleet manager determines the options for FleetMAX. Options are programmed and adjusted “on the fly” via the remote handheld.

**FleetMAX Options (adjustable “on-the-fly”):**
- Top Speed Limit - set and adjust the vehicles top speed
- Torque Reduction Percentage - reduce the amount of torque available to the driver & increase fuel economy
- Emergency LEO Top Speed Bypass - when the emergency lights are on, the FleetMAX speed limiter is bypassed
- Stomp Percentage - reduce the amount of shock to the drivetrain, increase fuel economy & eliminate jack rabbit starts
- Overspeed Passing Timer - safe driving, earns passing time above the pre-set speed limiter

**FleetMAX - works on ALL 2020 and older vehicles.**
